Elk Lake and Elk River Cleanup Report

During the last few weeks, we have been cleaning local lakes rather than rivers (which require shuttles). Our latest cleanup, yesterday, was on Elk River and Elk Lake, starting in Elk Rapids. Prior to yesterday's clean up, we made sure Birch Lake and Bass Lake, as well as the lower Jordan River and Lake of the Woods were all cleaned. Many thanks to Boardman River Clean Sweep and Norm Fred, for inspiring us by his example.

Glen Beir, Jackie Anderson and Ron Coyne
